Instructions for Using KoolerGel™

Fill to here

2 liter use 1 TBSP 1.8 liter use 2½ tsps. 1 liter use 1½ tsps.

Use one (1) tablespoon of KoolerGel™ for one (1) 2-liter plastic soda bottle. Use 2 ½ teaspoons for 1.8 liter bottle and use 1 ½ teaspoons of KoolerGel™ for one (1) 1-liter bottle. Fill with water to arrow as noted above (DO NOT OVERFILL!) you must allow room for expansion during freezing. Re-seal with bottle cap and allow KoolerGel™ to absorb all water before placing in freezer. When absorbed, place bottle(s) in freezer for 48 hours for maximum cooling. Use as needed for cooling of harvested game animal(s), use in ice chests with ice, when used for tailgating, RV's, boats, campers, trucks, cars, or ATV's. KoolerGel™ is re-usable. You may rinse off bottle and place back in freezer.

Item# TBKG6

All ingredients are non-toxic; however they are not intended for ingestion.

After 9 hours full sun, 105 degrees

Testimonials

CINA, LACOMBE, LA "Awesome! I don't use the word awesome very often, but this stuff is awesome! I live, hunt and fish in the south, so anything that helps keep ice from melting is a blessing."

MITCHELL, WINTER GARDEN, FL "Cool shirt system upgrade. I used this product with an auto racing cool shirt system and it improved the cooling system, as well as the length of time it would keep you cool. It almost doubled the life of the cool air and water supplied to the driver. A must have."

KENNETH, GREEN FOREST, AR "The cooler companion. I recently tested Kooler Gel. I would recommend this product to anyone who camps."

DOUG, COLORADO SPRINGS, CO "Better than any other ice pack that I have used. I would highly recommend KoolerGel. I use it in my lunch box and never worry about keeping my lunch cold."

AARON, SPOKANE, WA "KoolerGel worked great. I tested this product on a late season fishing trip. I was gone for three days and the bottle was still frozen solid."

JEREMY, CLEARFIELD, UT "Very effective. This is a MUST OWN product for any outdoorsman."

JASON, CORTEZ, CO "This is a nice way to keep items cold in your cooler or backpack."

CHRISTOPHER, EAST DUBLIN, GA "I like this product. It has easy to read instructions. I took this product to a Georgia football game and after the game, all of our food had stayed cool."

CRYSTAL, WELLSTON, OK "It is so cold!!!! I can't believe how cold it keeps everything in the ice chest. I can go on a four day fishing trip and everything stays cold."

KEVIN, PIERRE, SD "This product really works. This can be mixed in any size container and is re-usable. When it is used with ice, it does extend the life of the ice, but it also works well alone."

KENNETH, LINCOLN, IL "Saved me money AND protected valuable meat! I deer hunt frequently and using the KoolerGel allowed me to chill my meat quickly and easily instead of buying expensive bags of ice that melt away!"
