Transport hot or cold foods
with ease. Keeps them at
the ideal temperature for
freshness and safety.

Keep your groceries fresh and frozen!

Keep a Kooler in your car!

Groceries are expensive, and you can't afford to have food go bad before you even get it home! The ComboKooler™ is perfect for bringing home refrigerated or frozen foods from the grocery store. On a hot day, just getting your food home from the store can considerably reduce its shelf-life. A ComboKooler™ in your trunk will help keep your dairy products cold, your meat and fish fresh, and your ice cream frozen! Can be used in conjunction with our KoolerGel™ or with bagged ice. Can also be used alone on shorter trips.

The insulating properties of the ComboKooler™ works with frozen or cold foods to keep the inside nice and frosty, even without a cooling source! Same goes for transporting hot foods!

Keeps Drinks Icy Cold!
